Nebraska Bankers Association Endorses WebEquity Solutions

More than 100 Nebraska banks use WebEquity's on-demand lending software solutions for comprehensive credit analysis and stress testing

OMAHA, Neb., November 8, 2011 — WebEquity Solutions® ([WebEquity](#)) today announced that the [Nebraska Bankers Association](#) (NBA) has endorsed the company's proven on-demand lending software products.

"We consider it an honor to be the only commercial lending software vendor to receive the NBA endorsement," said Doug McGregor, CEO, WebEquity Solutions. "WebEquity looks forward to continuing our strong partnership with NBA to offer solutions that help Nebraska banks proactively manage their loan portfolio risk and gain the benefits from efficient and uniform lending practices."

Based in Omaha, WebEquity Solutions has a 25-year history of serving the Nebraska banking community. More than 100 Nebraska banks use WebEquity software solutions to help automate lending processes, make profitable credit decisions, and stress test their commercial and agricultural loan portfolios.

"Financial institutions of all sizes across Nebraska face growing regulatory scrutiny of their commercial and agricultural lending practices," said George Beattie, president and CEO of the Nebraska Bankers Association. "WebEquity has a rich history of serving Nebraska banks, and we are proud to partner with the company to offer quality lending and risk management software solutions that can help our 229 institution members manage the credit quality of their loan portfolios."

Among the Nebraska banks that have selected WebEquity Solutions is [Cornhusker Bank](#) based in Lincoln, Neb.

"We chose WebEquity because of the flexibility of its custom templates and workflow-based applications," said David E. Shiffermiller, senior vice president of lending at Cornhusker Bank. "WebEquity will help us stress test our loan portfolio and improve the efficiency and consistency of our entire credit process."
